NATURE AND BHOOMITRA SENA CLUB ANNUAL REPORT 2018-19

INTRODUCTION

Nature and Bhoomitra Sena Club, MES College Erumely, aimed at sensitizing, creating awareness, motivating and educating students about environment conservation, had actively initiated various programmes at college level for environment protection. The activities of the club always gave importance to sustainable development and promoted green campus.

Awareness programme on "Importance of Environmental Conservation".

An awareness programme on Importance of Environmental Conservation was conducted on 28th September 2018 at Seminar hall.. The programme started at 9.30 AM with prayer by the students of MES College Erumely. The programme was based on the Importance of Environmental Conservation. Welcome speech was given by Mr. Hari. G, Co-Coordinator BMC club. The presidential address was given by Mr. Maheen M N, principal MES College Erumely. Inaugural address was given by Mr. Rahim, environmental activist. Environmental conservation is the protection, preservation, management, restoration of the natural environment and the ecological communities that inhabit them. Social work trainees came to know more about environmental conservation as the session was very informative.

Environmental conservation protects wildlife and promotes biodiversity. Maintaining a healthy and functional eco system helps prevent the extension of certain animal species. If the environment is destroyed some animals are forced out of their habitat, making it hard for them to survive elsewhere. Environmental social work play an important role in the environment. As a profession dedicated to supporting the most vulnerable among us, those disproportionately affected by environmental disaster, social workers can play key roles in the fight for environmental justice, helping to prevent and address the consequences of climate change through education advocacies, community organising etc. Overall the session was very effective and efficient.

The felicitations were given by Mrs. Shamla Beegom N S, Vice principal, General, Mr. George John, Vice principal, Discipline, Mrs. Ramadevi A, Vice principal, IQAC. Mrs. Ancy Mathew, Vice principal, Examination, Mr. Jithesh K S, Director, CDC, Mrs. Sheeba Micheal, Staff secretary, Mr. Ashik, Chairman , College union. The session ended at 12:30 PM with the vote of thanks by Ms. Akhila Thomas, Student secretary, BMC Club.
