ACTION TAKEN REPORT 2019 - 2020

As per the feedback analysis from various stakeholders like Teachers, Students, Employers, Alumni and Parents, the following actions are taken regarding curriculum, infrastructure and other parameters.

- In teacher's feedback, only 35.8 % of responses shows the syllabus is sufficient to bridge the gap between industry, current global scenarios and academics. The remaining are not fully supporting this comment. So it is decided to implement certificate courses that support industry needs.
- The employers mentioned about the lack of communication skills in their feedback. So there is a proposal for a training to improve the communication skill of the students. ✓
- The alumni gave only 67% marks to the curriculum delivery of our institution. It is recommended that the teaching learning process must be improved in a good manner.
- To improve the social and well-being of the students, it is decided to conduct more programmes related to social responsibilities, professional ethics, etc. and also increase extension activities to serve society. ✓
