# ANNUAL REPORT 2019-20

DEPT. OF COMPUTER SCIENCE

Report by the Head of the Department

At the Department of Computer Science, students acquire extensive knowledge and a high degree of expertise in information and communication technology. To fulfill these , the department of Computer Science coordinated an inter collegiate fest and workshop in the academic year 2019-2020 .

The faculties attended FDPs and the students participated in arts and sports events and won the prizes also, especially the students participated in intercollegiate fests conducted by other prominent colleges in Kerala and won the first position in various events . The students' creativity and knowledge in new technology expressed via an exhibition .

The department offers

★ Tutorial system
★ Student – driven projects (group and individual projects)
★ Seminars and workshops
★ Short term course
★ FDPs

Associate Prof. Betty Joseph
Head of the Department

VISION

To become a center of excellence that generates knowledge through education and learning. Also, to prepare students for a globalized and technical society and orient them towards serving the society

MISSION

To impart high quality training at the graduate and postgraduate level with focus on basic principles of computer science. Thereby impart moral and ethical values and interpersonal skills to the students

Department Meetings

Departmental meetings occur on a consistent basis and are going to lead to well-informed and more productive employees. A positive department meeting boosts strengthen relationships and to collaborate, work more efficiently with team members, lowers staff stress, and encourages engaging conversations. What's more is that departmental meetings reinforce the mission, vision, and values. The department meeting will be held on or before 10th of every month. HOD/HOD in charge will preside over the meeting. Class in charge presenting the report of each class and taking necessary actions on behalf of that. And also maintaining the minutes of the meeting.

Parent Teacher Association (PTA)

The Parent-Teacher Association (PTA) gathered each class separately. PTA provides parents and teachers with the opportunity to exchange views, work together with the development of students as well as college. General feedback from parents is sought and elections take place. The Head of the department and all subject teachers represent the college.

Alumni
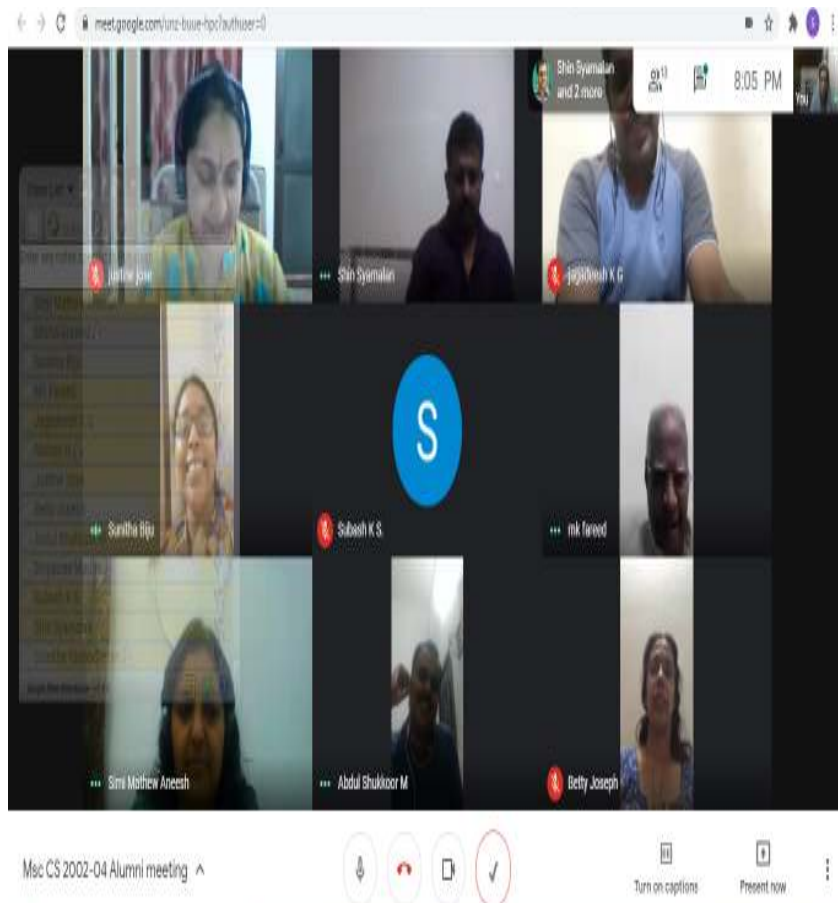

Most of the Departments of the college have Alumni Associations. These associations actively participate in the academic and developmental initiatives of these institutions. The alumni association has a very significant role in the development of the department as well as college. They also involve funding activities, mobilizing assistance, organizing alumni meets, seminars, and other events

The Alumni-meet for MSc Computer Science batch 2002-2004 was held on the Sunday 17, April 2021 evening 7pm to 8 pm.. The meeting was conducted via Google meet due to COVID-19 Pandemic .

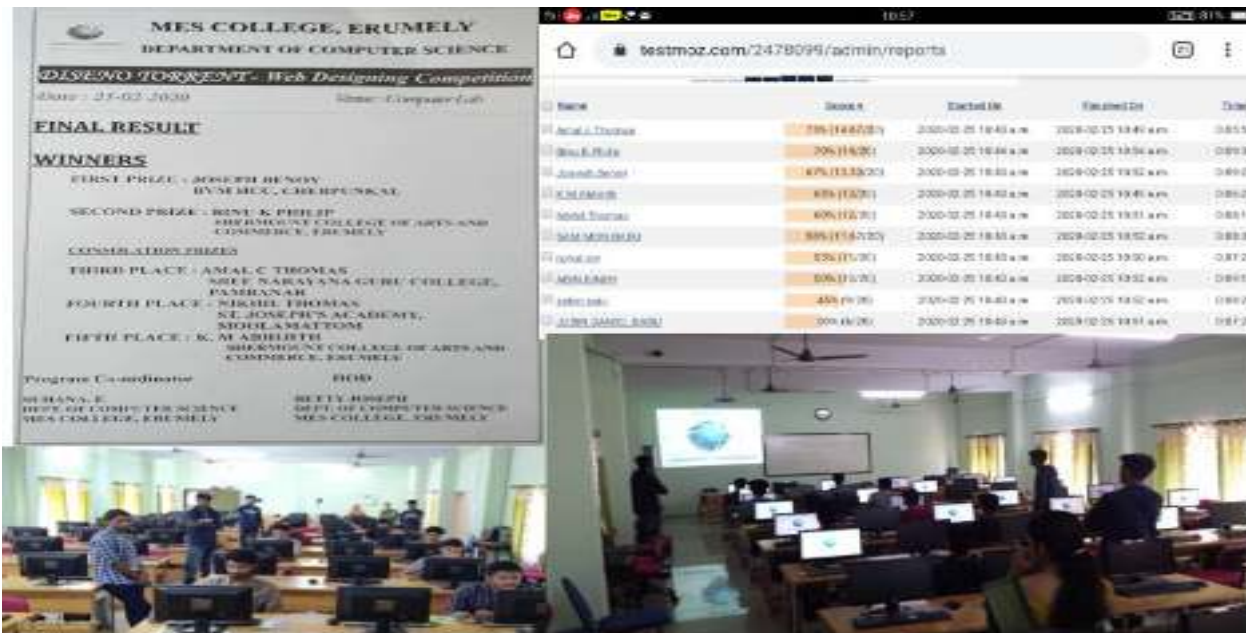

Exhibition - CAATRIX

Computer Science department Association ,COMPASS conducted an exhibition named "CAATRIX" as part of the Inter collegiate fest "BUSQUEDA DE TALENTO- 2019" on 25 th February 2020. The activity aims at providing a common platform for the students to identify various technologies and to learn the impact of technology in society. Students of the computer science department organized an intra-collegiate exhibition and prepared various models and posters.

Prominent among the exhibitions were: topologies in computer networks, internet of things, cloud computing,Aurduino and Raspberry Pi boards, Different types of motherboards, old and new generation computer parts

.

The exhibition was inaugurated by our principal Mr. Maheen M N. Faculties and students from various departments visited the exhibition and have given their valuable suggestions and feedback

Mentoring

The computer science department follows the mentoring system initiated by IQAC. The students are grouped and assigned a mentor teacher who is responsible for collecting academic performance and class attendance of individual students. The mentor regularly meets with mentees and is given necessary information regarding his/her mentees and is expected to offer guidance and counseling as and when required. In isolated cases, parents are called for special meetings with the Principal at the suggestion of the mentor. The result of the system has been implemented significant improvement in the teacher-student relationship.

The system has been useful in identifying slow learners and advanced learners. The department organizes a remedial class on different subjects within the syllabus for poor/slow learners.
