## CLEAN AND GREEN CAMPUS INITIATIVES

A Green Campus is a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus.

### Objectives

- Making the Campus clean and green.
- To make the campus plastic free.
- Promote environmental awareness to protect and preserve the environment.
- To promote a sustainable environment.
- Creating an environment friendly campus.

## **EARTHLINGS 2021**

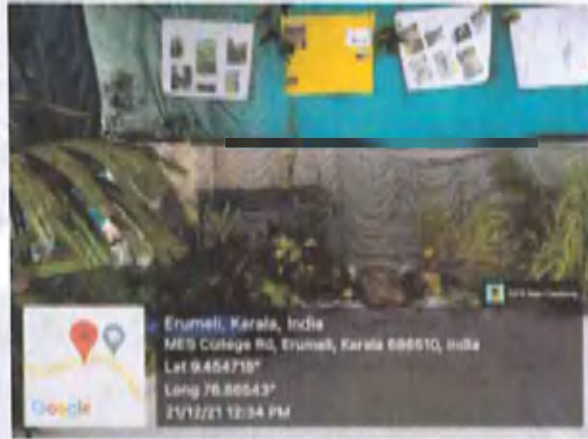

### **GREEN EXHIBITION**

Nature and Bhoomitra Sena Club, MES College Erumely, in association with CDC and IQAC, organised an inter-departmental exhibition competition, Earthlings 2021 on 21st December 2021. The green exhibition was inaugurated by Mr. George John, HOD Department of English. The presidential address was given by Mrs. Darly A. G, Director CDC. The event was splendid with the presence of Mr. Al Ameen J, Coordinator Nature and Bhoomitra Sena Club, who did the welcome speech and all the Head of the Departments felicitated the event. Bincy Raj B.R. Then at 11 AM, the green exhibition was inaugurated at the Department level by the Head of each Department.

The Environment concerns connect us to the world around us, teaching us about both natural and built environments. It raises awareness of issues impacting the environment upon which we all depend, as well as actions we can take to improve and sustain it. With the help of some non academic activities such as seminars, awareness classes, exhibitions can bring the awareness about nature to the students. Environmental awareness is an incredibly important part of our lives. In order to protect the sustainability of the planet, everyone needs to commit to becoming more environmentally aware. As we are all responsible for damaging the environment, it is important for everyone to improve their environmental awareness. It is especially imperative to teach students about the importance of environmental awareness, to ensure that the lives of future generations are secure. In Order to this broader concept, Nature club and Bhoomitra Sena Club conducted the green exhibition. Each department had the opportunity to choose one given topic for the exhibition. Amazon rainforest, Energy management, Kerala flood, natural calamities, eco tourism, water bodies, green economics, Nature in literature, expression of nature, waste management, environment and technology were the provided topics for the exhibition. The exhibition started at 9.30 am in the morning.

Rooms were arranged for the exhibition for all departments. Instructions were already given to all the departments. There were 4 Faculties for sentencing. All the departments were arranged within the allotted time and the evaluation of the exhibition started from around 12 noon. Students were also given the opportunity to visit the exhibition stalls. The interdepartmental competition held at the college received excellent cooperation and encouragement from the students and faculties. The Department of Social Work organised a stall called Majestic portraying the theme "Expressions of nature" and got the first prize. The second prize was achieved by the Department of Electronics for their stall, Griha, based on the subject Green economics. Department of Business management got the third prize for their stall named Amfora based on the topic Amazon rainforest. The exhibition had made a wide impact among the students and faculties.

## AWARENESS CLASS IN COLLEGE

NSS volunteers had made the students aware about the usage of plastics and the harmful effects caused by them towards the humanity, environment and ecosystem. The volunteers also explained to the students about the conversion of useless plastic products into useful crafts. All the department HOD's and class teachers had agreed for such an awareness class. The classes had successfully come to an end with the presence of NSS program officers Mr. Sajan Antony and Mrs. Rejoola O.M.

## CAMPUS CLEANING

NSS volunteers of M.E.S College had actively cleaned the college premises. The students were divided into 7 groups containing 10 volunteers each. Each of the groups was assigned to clean a particular location within the campus. The locations include the girls hostel, Surrounding college retail store, amenity centre Surrounding, college canteen surrounding etc. The cleaning started with a small meeting and after the cleaning , all the students were given a light refreshment.

### മാലിന്യങ്ങൾക്ക് പകരം ഇനി മലർവാടി: വിദ്യാർത്ഥികളുടെ ഉദ്യമം ഒരുങ്ങുന്നു

എറണാകുളം എസ്.എസ്.എസ്. കോളേജിലെ പ്ലാസ്റ്റിക് മാലിന്യങ്ങൾ ശേഖരിച്ചാണ് മലർവാടി പ്രകൃതി സൗഹൃദ പദ്ധതിക്ക് തുടക്കം കുറിച്ചിരിക്കുന്നത്. പ്ലാസ്റ്റിക് മാലിന്യങ്ങൾ ശേഖരിച്ച് അത് പ്ലാസ്റ്റിക് കലാപ്രവർത്തനങ്ങൾക്ക് ഉപയോഗിക്കുന്നതിന് വിദ്യാർത്ഥികൾക്ക് അറിവ് നൽകുന്നതിനായി കോളേജിലെ പ്ലാസ്റ്റിക് മാലിന്യങ്ങൾ ശേഖരണ കേന്ദ്രം തുറന്നിരിക്കുന്നു.

## LABELLING OF TREES

Labelling of trees with scientific names was another activity of the club. More than 100 trees were labelled. Planting of trees, some gardening activities were some other activities conducted by bhoo mithra club.

## AFFORESTATION

Trees were planted on the Erumely College campus in connection with World Environment Day. In connection with 'Van Mahotsav' day, a seminar was conducted and after the session we planted more trees. Trees were also planted on campus under the "Plant a Volunteer Plant a Tree" project. All volunteers have also planted saplings in their homes and taken care to maintain them carefully.

## VERMICOMPOSTING PROGRAMME

Vermicompost project is a running project of NSS unit, MES College Erumely in the campus to demonstrate and practise eco friendly waste management measures. A vermicompost tank established by the unit is working nearer to the ladies hostel. Degradable kitchen wastes from the college and hostel are used for composting. The technical direction and worms for the tank was collected from Malanadu Development Society, Parathodu. NSS Programme Officers, NSS Volunteers – Raza Habeeb, Binasa, Asamsu, Althaf TK were directed to periodically monitor the growth and development of the project.

## ORGANIC FARMING

The Nss unit of our college is actively engaged in organic farming on the college campus. We have sowed the seeds of lady's finger, amaranthus, chilly, brinjal, pea etc

## VEGETABLE CULTIVATION

## **PLANTING OF TREE SAPLINGS**

Students planted around 150 tree saplings with the aim of spreading the value of greenery and environment across the college and its surroundings. Around 40 of the NSS volunteers gathered and cleaned the whole campus. They also planted many tree saplings in the college campus premises. And this became an inspiration for many other students. This program was organised by NSS program officers Mr. Sajan Antony and Mrs. Rejoola O.M.

### **VAN MAHOTSAV DINAM**

'Van Mahotsav Dinam' was celebrated by our NSS Volunteers on 1<sup>st</sup> July 2019, 80 plant saplings were planted by the NSS Volunteers in the campus premises on behalf of Gandhiji@150 'Plantation Programme by the University'.

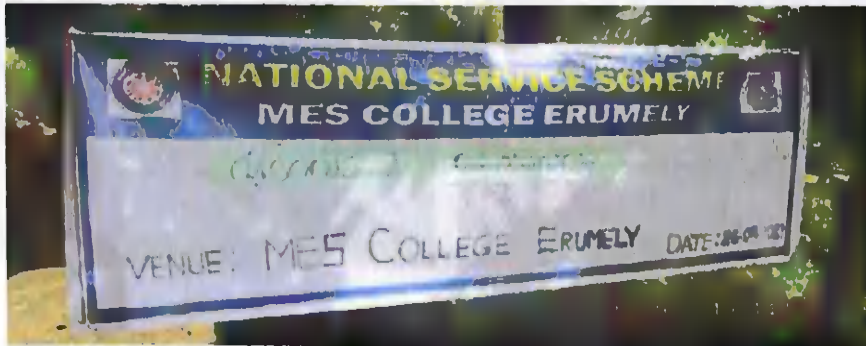

### **VILAVEDUPP MAHOTSAV**

NSS volunteers of the MES College Erumely had harvested the Tapioca plants that were planted on the college premises. The plant's harvesting was inaugurated by Mr. P H Najeeb, chairman of MES College Erumely, along with the presence of Maheen MN, Principal MES College Erumely. Later after the harvesting all the tapioca were sold outdoors and the money collected were added to the NSS Fund.

## HARVEST MEGA FEST

A mega Fest related to the cultivation of tapioca conducted by the NSS Unit of MES College Erumely on 26-09-2019 was officially inaugurated by the college Managing Committee Chairman Jb. P H Nageeb and the College Principal Mr.Maheen M N delivered the presidential address. Under the guidance of the NSS Program Officer Mr.Sajan Antony, the NSS Volunteers proceeded with the harvesting program. The College Staff took part and made the program a grand success by buying tapioca.

## EXHIBITION

As a part of NSS, it was decided to conduct an exhibition on 29<sup>th</sup> July 2019. The main aim to conduct the exhibition was to show the students from the whole college related to the topics 'how to avoid plastic wastes' and 'how to reuse plastics and make useful products and crafts from them'. NSS volunteers also planned to show the students some of the easiest methods to make crafts out of plastics without making them being dumped into the ground. 40 of NSS volunteers actively participated in preparing for the exhibition under the guidance of Mr. Sajan Antony and Mrs. Rejoola O.M. , NSS program officers.

The exhibition which promotes the reuse of plastic products was conducted on 29<sup>th</sup> July 2019. The exhibition was guided by the NSS program officers Mr. Sajan Antony and Mrs. Rejoola O.M. The exhibition was inaugurated by Mr. Nazrudheen, Secretary of the managing committee, M.E.S. College, Erumely. All the NSS volunteers were actively involved in the exhibition. All products that were made for the exhibition were to promote the reuse of plastic wastes. Some of the NSS volunteers clearly made the ground. The exhibition was a success and it concluded with a wide variety of appreciation and applause. The exhibition also was organised under the guidance of the NSS program officers Mr. Sajan Antony and Mrs. Rejoola O.M.

Essay writing is a very sensitive form of self-expression. It is a harmonious blending of 'thought' and 'expression'. Essay writing has assumed great importance in our competitive examinations. It is considered to be the most effective test of the ability of a candidate to express his thoughts on a topic of interest in general, unambiguous and impressive language. Keeping this perspective in mind, the UGC Cell organised the Essay writing competition for the students of MES College Erumely. An essay writing competition was held by UGC Cell in association with CDC in the college on July 3 (World Plastic Bag Free Day). Students were asked to write the essay on the topic "Plastic Free Campus". The word limit for the essay writing was 800-1000 words. 10 students participated in the competition. The Judge of Competition was Mrs. Bindu P R (Assistant Professor St. Antony's college Peruvanthanam).

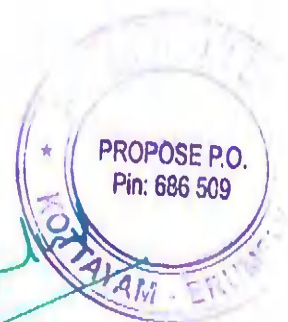

## WORLD ENVIRONMENTAL DAY

## PAPER BAG MAKING

The Department of Business Administration identified that A4 sheet covers were disposed of as a waste in offices and colleges and so they decided to make the best use of this resource and create eco-friendly carry bags out of A4 sheet covers. The aim of this initiative is mainly to create awareness on the need to use eco-friendly carry bags, develop the creative and inventing skills in BBA students and to reduce the use of plastic bags.

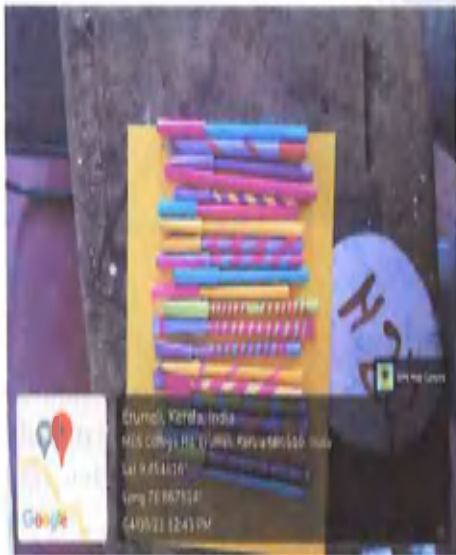

The students of final year BBA made eco-friendly carry bags which were made out of the used A4 sheet covers and magazines papers. The activity was carried out under the guidance of Mrs. Daryl AG, Associate Professor, Dept. of Business Administration. The Department aims to create self employment opportunities for its students by teaching them new skills and turning them into an entrepreneur. The fun-filled activity inspired the students to contribute to Mother Nature by using eco-friendly bags and saying no to plastic bags.

## ECO FRIENDLY PEN MAKING

MES College Erumely ,Unit No. 69 and 69A has organised Hands on Training on "Paper pen making" to NSS Volunteers on 03.08.2021 to 04.08.2021 at the College Campus. . Twenty one Students Participated in this programme.The Programme Officers Mr Sebastian Xavour and Mrs Jaseela Haneefa guided the volunteers.

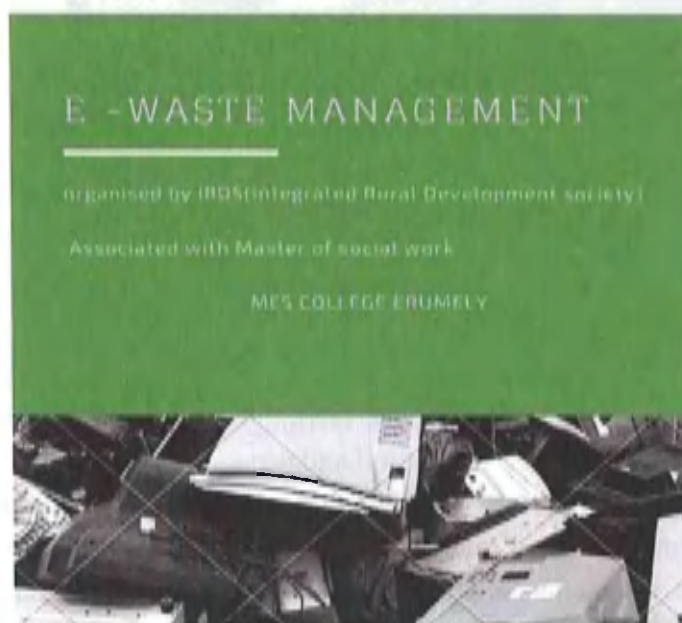

The aim of this programme was to reduce plastic in the campus . To reduce single use plastic waste and to motivate going green, eco-friendly pens made from recycled paper with embedded seeds were distributed to teachers and students.Plantable paper pens will be a path to bring about environmental awareness and make our contribution towards a happier and healthier future. In one shot these pens achieve up-cycling of paper, plastic waste reduction and tree plantation Once a pen has been used up, it can just be planted into the soil. The seed will sprout from the bottom of the pen.

## SEMINARS AND WORKSHOP

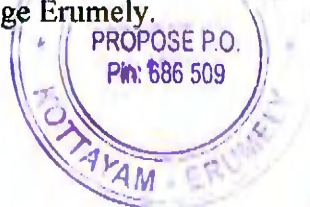

### **E - Waste Management, Integrated Rural Development Society**

A seminar session was organised by the Department of Social Work for the first year students of 2017- 19 batch in association with IRDS, Kuravilangad on the topic E waste management. E-waste or Waste Electrical and Electronic Equipment are loosely discarded, surplus, obsolete, broken, electrical or electronic devices. Improper dismantling and processing of e-waste render it perilous to human health and our ecosystem. The recycling of e-waste serves a lot of useful purposes. For instance, include protecting human and environmental health by keeping those devices out of landfills or recovering the parts within the devices that still have value, and providing manufacturers with recycled metals that can be used to make new products. Integrated rural development society initiates programs to help families who live below the poverty line to enhance their state of living and to empower the poor by helping them develop at every level. The program's objectives are met by providing productive assets and inputs to its target groups. The program was very successful as the students got the opportunity to study on E waste management and IRDS.

### **Environmental Accounting and Green Practices**

Two day Seminar on “Environmental Accounting and Green Practices “ for PG Students of MES College Erumely was Conducted on 14<sup>th</sup> & 15<sup>th</sup> February 2021 by the Economics the Economics Department , In Association with IQAC MES College Erumely. The First Session was a lecturing session led by the Resource person, Dr. Reshmi , Assistant Professor, Jain University Kochi Campus at 10 a.m Onwards . The Afternoon session was Paper presentation Competition for all faculties of MES College Erumely on Green Practices. On the On the Second Day , we Conducted a Paper presentation competition on Environmental Accounting and Green Practices for all PG Students of MES College Erumely.

The Seminar Commenced with recorded College Prayer followed by a welcome from Dr. Ashok Kumar ( Director, Research Form) .In his Speech, He highlighted the importance of Environmental Accounting and Green Practices In her, Presidential Address, Dr.Rakhi ChandrasekharChandrasekhar , HOD Department of Economics talks about the Implications of Green Auditing in the Present Scenario.

Jb. P H Najeeb ( Chairman, MES College Erumely) Inaugurated the Programme. In her KeynoteAddress Prof.Maheen MN ( Principal, MES College Erumely) highlighted that Green Practices are Environmental friendly actions, Which can help to Environmental Protection and Sustainability Development. All students from PG Department Participated in the Programme.

The Technical Session on “ Environmental Accounting and Green Practices “ was delivered by the Resource person Dr. Reshmi , Assistant Professor, Jain University Kochi Campus .She explained the Concept of Green Auditing . She explained that Building a nation starts from its educational institutions, where ecology is a prime factor of development associated with the environment.

A clean and healthy environment aids effective learning and provides a favourable learning environment. Institutional self-inquiry is a natural and necessary outgrowth of the quality of the quality of higher education. Further she highlighted the importance of Green Auditing. In its pursuit for improving environmental quality and to maintain a pristine environment for the future generation of students, so the colleges has made a self-inquiry on environmental quality of the campus with the following objectives:

- To establish a baseline of existing environmental conditions with focus on natural and physical environment;
- To understand the current practices of sustainability with regard to the use of water and energy, generation of wastes, purchase of goods, transportation, etc;
- To promote environmental awareness through participatory auditing process; and
- To create a report that documents baseline data of good practices and provide future strategies and action plans towards improving environmental quality for future.

She Concluded that To preserve the environment within the campus, various viewpoints are applied by the several educational institutes to solve their environmental problems such as promotion of the energy savings, recycle of waste, water reduction and water harvesting.

Department of Commerce  
(Computer Application)  
IN ASSOCIATION WITH IQAC

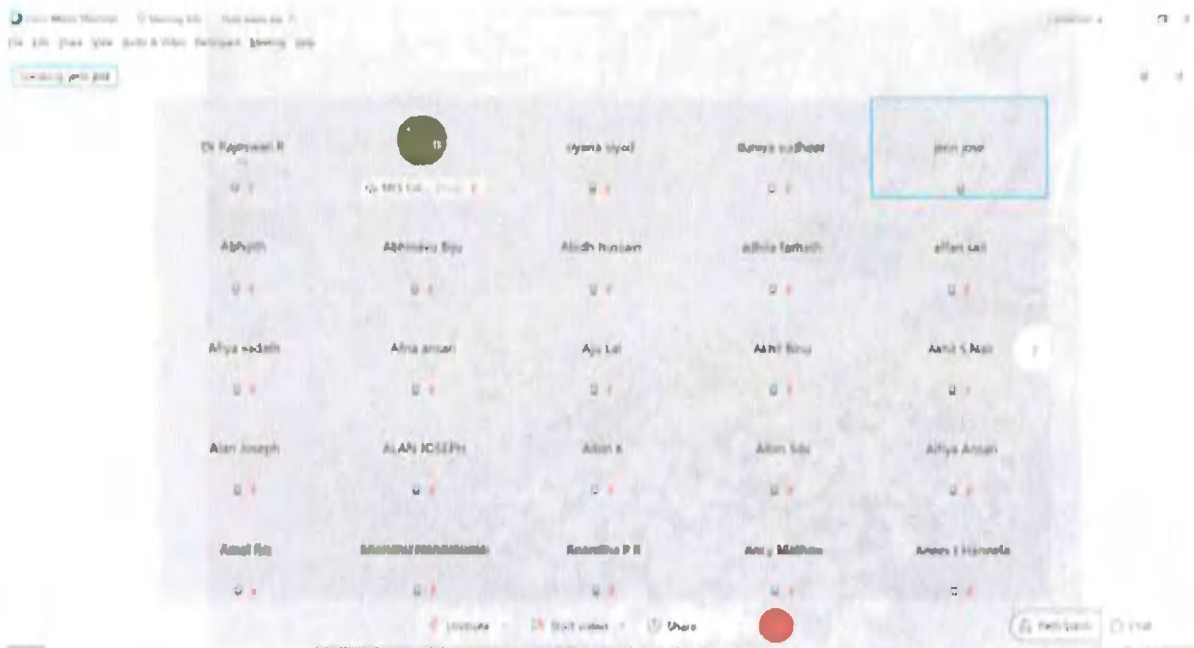

Association inauguration  
Experience sharing  
session "Talk with CEO"

Chief Guest  
Mrs. Ramadevi A  
Vice Principal, IQAC  
MES College Erumely

Organizing Committee  
Ms. Reshma B Pillai  
Ms. Jithesh K S  
Ms. Anna Joseph

An Association Inauguration and Experience sharing session “Talk with CEO” was organised by IQAC and Department of Commerce with Computer Application, MES College Erumely through Zoom app. The program began with the prayer followed by the Welcome speech delivered by Ms. Reshma B Pillai, Assistant Professor of department of commerce (branch: CA). After that the presidential address delivered by Dr. Rajeswari R, Head of the Department of Commerce (Branch: CA). Inaugural address delivered by honourable Mrs. Ramadevi A, Vice principal, IQAC MES College Erumely. In her inaugural speech she touched upon the role and importance of department associations. After that the special address was delivered by Mr. Jithesh K. S (Vice principal, Training and Development) and he also launched the department logo. After that Mrs. Anna Joseph Assistant Professor of department of commerce (branch: CA) introduced our chief guest.

Technical session started at 12.30 pm by Mr. Jerin T Jose (CEO,Green Organic Signature,Muvattupuzha)heexplainsOrganic farming has grown out of the conscious efforts by inspired people to create the best possible relationship between the earth and men. Since its beginning the sphere surrounding organic agriculture has become considerably more complex. A major challenge today is certainly its entry into the policy making arena, its entry into the anonymous global market and the transformation of organic products into commodities. During the last two decades, there has also been a significant sensitization of the global community towards environmental preservation and assuring of food quality.

Ardent promoters of organic farming consider that it can meet both these demands and become the means for complete development of rural areas. After almost a century of development organic agriculture is now being embraced by the mainstream and shows great promise commercially, socially and environmentally. While there is a continuum of thought from earlier days to the present, the modern organic movement is radically different from its original form. It now has environmental sustainability at its core in addition to the founders concerns for healthy soil, healthy food and healthy people. In today's terminology it is a method of farming system which primarily aims at cultivating the land and raising crops in such a way, as to keep the soil alive and in good health by use of organic wastes (crop, animal and farm wastes, aquatic wastes) and other biological materials along with beneficial microbes (biofertilizers) to release nutrients to crops for increased sustainable production in an eco-friendly pollution free environment.

Organic farming is a holistic production management system which promotes and enhances agro-ecosystem health, including biodiversity, biological cycles, and soil biological activity. It emphasises the use of management practices in preference to the use of off –farm inputs, taking into account that regional conditions require locally adapted systems.

## TOURISM: POLICIES AND CHALLENGES

**MES COLLEGE ERUMELY**  
**DEPARTMENT OF COMPUTER SCIENCE**  
**World Environment Day Observation Report**

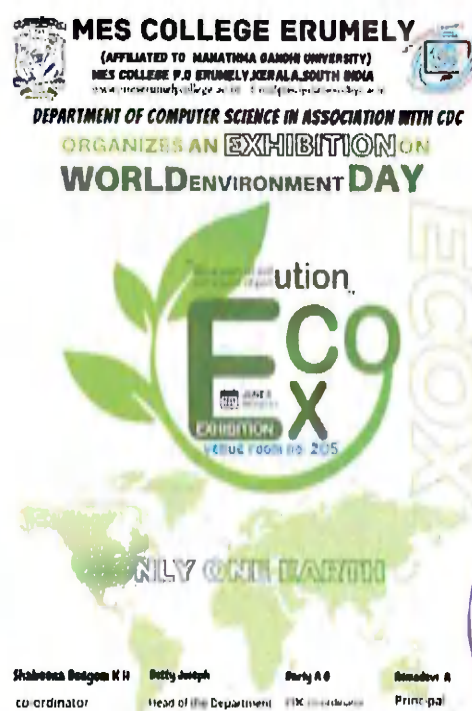

As part of World Environment Day(22/03/2022), Department of computer science and computer association(COMPASS) in association with CDC of our college conducted an exhibition on E-waste management named “ECOEX” on 6<sup>th</sup> June 2022. The activity aims to ensure the protection of biodiversity through sustainable development for restoring the ecological balance. Students of computer science department organised an exhibition and prepared various models and posters. Prominent among the exhibitions were:

1. Reusability of CRT monitor case as Use Me Bins
2. Reusability of Keyboards and Mouse for crafts
3. Reusability of CPU Cabinet as Organizer/ BookShelf

The exhibition was inaugurated by MES District Committee Secretary Mr. Shahas P Shahul Hameed and College Principal Mrs. Remadevi A. Faculties and students from various departments visited the exhibition and have given their valuable suggestions and feedback.

The Department of Computer Science also conducted a short video competition for our students in association with the Tourism club on 6<sup>th</sup> June 2022 with the topic “ Your second home living in harmony with nature”. 6 students from various departments participated in the competition.

Winner of the competition :  
 Mr. Binil K Bins , III year BCA
