**CIRCULAR**

Refer to my earlier Circular dated 26.10.2018 wherein I have clearly informed to use MES Software in all our institutions and many of our institutions have complied the instruction. Some institutions are still not yet implemented the software. The MES software is competent to handle all our requirements. The software Company and Head Quarters IT cell will provide necessary assistance to the institutions and meet the entire requirements of institutions in time.

It is hereby informed that the use of old software may be discontinued with effect from 01.04.2019 and use MES software fully for your academic and accounting purpose from 1<sup>st</sup> April onwards. SMS facility is also available in our software which may be utilized by our institutions. Back dated transactions will not be available after 01.04.2019.

Using a parallel system for convenience will defeat the very purpose of Centralized Software. So renewal of AMC of previous software may be discontinued immediately. It is further informed that any action contrary to this direction will be viewed seriously.
