DEPT. OF BUSINESS ADMINISTRATION**

**REPORT ON KERALA FLOOD RELIEF EFFORTS**

Kerala has witnessed one of the worst-ever floods in a century. The unprecedented rains that started on 15 August 2018 triggered floods and landslides causing widespread destruction to lives and property, displacing tens of thousands of people and forcing more than a million people into relief camps.

The team members of MES College Erumely held a supply distribution to support families in flood-affected areas by providing provisional items, medical supplies, clothes, and household items to the flood victims.

On 09/09/2018, the ED club and Department of Business Administration distributed 1000 bottles of dishwashing liquid and cleaning lotion in flood-affected areas of Kottayam, Pathanamthitta Districts mainly in Ranni, Attikayam, and Kuttanad.

Dishwashing liquid and cleaning lotion were prepared by ED Club members and BBA Students of MES College Erumely. For this purpose, our students collected empty plastic bottles from nearby places of our college and students. Then we sorted the bottles into one litre and ½ litre and one litre bottles used for filling cleaning lotions and ½ litre bottles for Dish wash liquid. Around one week is taken for filling the bottles.

The cost of raw materials was sponsored by Lions Club Ponkunnam.
