KERALA PIRAVI

Kerala Day or Kerala Piravi is celebrated to commemorate the birth of Kerala on November 1, 1956. Prior to this unification, Kerala was divided into three independent provinces of Malabar, Cochin, and Travancore. So Kerala Piravi is a historic occasion of the state. The event was successful in highlighting the rich cultural heritage and its uniqueness. The celebration brings the message of unity and togetherness.

ADOPTING A VILLAGE

Kerala, the God's Own Country, is currently battling against the most calamitous floods due to the relentless southwest monsoon rain in 2018. The ruinous repercussions of this rainfall on various cities and villages across Kerala is a bleak reminder to the fact that a regular vigilance is a necessity to tackle the uncertain natural disasters. The heavy monsoon rains left a trail of destruction with several cities, districts, and villages in Kerala submerging under flood waters.

Edakadathy is a village located near Mukkoottuthara in Erumely Grama Panchayat, Kottayam district, Kerala, India. It is situated near the border of Kottayam district and Pathanamthitta district, but officially recorded as a part of the former. It is located on the northern bank of Pamba River.The whole village was flooded. There was a lot of damage include loss of human life, damage to property, destruction of crops, loss of livestock, and deterioration of health conditions owing to waterborne diseases.The institution adopted the village on **1/11/2021 at Kerala Piravi Dinam** incorporated with Shuchita Mission and Erumely Grama Panchayath.

- **Adopt village visit and programmes**

During these two years so many programmes were conducted in the adopted place of **Edakadathy**. In Anti Drug day an awareness programme conducted in Edakadathy And also conducted programmes about the harmful effect of plastic and how to manage plastic from households, how to reduce the use of chemical fertilisers and increase the use of natural fertiliser for agriculture. The NSS unit also conducts a census programme of Edakadathi and an opportunity to honour a farmer in Edakadathy.

NSS REPORT OCTOBER/NOVEMBER 2018

NSS unit of M.E.S College, Erumely had conducted a 4-day awareness program related to the adverse effects caused by the plastic on the environment and thereby to humanity as well. The visit was aimed to avoid the usage of plastics and made the public aware about the reuse of plastics and plastic materials. The program started with a small meeting that was organised by the NSS Program officers Mr. Sajan Antony and Mrs. Rejoola O.M. Welcome speech was given by Mr. Sojan Scaria, ward member and later, inauguration was done by Fr. Joseph Kallooparampathu (Lourde Matha Church ,Ummikuppa).

NSS volunteers had visited almost every house in the village in order to make them aware about the reuse of plastics and to make an organic compost by using the food wastes and other biodegradable wastes to make manures. 40 of the NSS volunteers had participated in the program and due to their effort, almost 80 houses were covered by offering them a way for resolving the chaos which the use of plastics causes.
