## Introduction

The use of masks is part of a comprehensive package of the prevention and control measures that can limit the spread of certain respiratory viral diseases, including COVID-19.

In this pandemic situation, the Entrepreneurship development club of MES COLLEGE ERUMELY takes an initiative to make and distribute cloth masks to college students and the public.

The work is coordinated by the Stitching unit of ED club. Ms. Jayalekshmi and Gayathri from MSW (PG Department) work as mentors. They taught the ED club member's, how to make and tailored the masks. Around 650 Masks were stitched and distributed to the students.

Ms. Safeena KM (ED Club coordinator) organized all the works behind the Mask making Programme.
