Introduction

The program was started with a silent prayer .Mrs.JishaC.K,HOD,Department of Electronics delivered welcome address. The session was inaugurated by Mrs.Remadevi A,IQAC coordinator.Mr.Jais John ,the program coordinator,introduced the resource person.

Technical session

The resource person, Mr. Melvin P Manuel, discussed the basic concepts used in the technology relating with best suitable real life examples which are essential for the understanding of technology. He projected a clear understanding of the importance of intelligent robots and Robot operating systems. He inspired the audience by lively interacting on topics on types of robots, features of ROS, ROS softwares etc and on interesting videos. Around 400 people from various countries like U.S, U.K, Philippines and Morocco attended the webinar. The objective of the webinar was achieved. The overall session discussion benefitted the participants.

Discussion Session

Participants were offered the opportunity to present their questions and comments regarding the session in chat box. Mrs. Sheeba Michael discussed the questions with the resource person and the participants were satisfied with his answers.

The program was ended with a vote of thanks by Jithesh K.S., Director, CDC.

The certificates were issued to all the participants.
