

MES COLLEGE ERUMELY

REPORT OF UNNAT BHARAT ABHIYAN

Unnat Bharat Abhiyan conducted various activities in MES College Erumely. It is a national program implemented by the Ministry of Human Resource Development, Government of India, with a vision of involving professional and higher educational institutions in the development process of rural areas in the country. This program intended to create a framework of sustainable development in rural areas through active social involvement and interventions. MES College Erumely is actively taking part in Unnat Bharat Abhiyan.

VILLAGE STUDY

The Unnath Bharat Abhiyan in association with the Department of Social Work conducted a village study in two panchayats in order to achieve a deeper understanding regarding the resources, culture, social system, needs, wants, and livelihood of those two panchayats.

Unnat Bharat Abhiyan is inspired by the vision of transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an Inclusive India. The Mission of Unnat Bharat Abhiyan is to enable higher educational institutions to work with the people of rural India in identifying development challenges and evolving appropriate solutions for accelerating sustainable growth. It also aims to create a virtuous cycle between society and an inclusive academic system by providing knowledge and practices for emerging professions and to upgrade the capabilities of both the public and the private sectors in responding to the development needs of rural India. In Order to make a preliminary study about panchayats student social workers from MES college erumley took an initiative to gain an understand about the two panchayat named Vellavoor and Manimala Grama Panchayath in Kottayam District. Student social workers were focused these panchayat as socially and economically in backward position. Through a better rapport students gained a good understanding about the conditions of those Panchayath .

Quiz Competition in association with Quiz Club

As a part of commemorating the 151th birthday of Mahatma Gandhi, father of our nation, the UBA of MES college Erumely decided to organize a national level quiz competition for UG and PG students. It was an event arranged with the coalition of IQAC and Quiz Club. The quiz competition was conducted on the topic 'Mahatma Gandhi' on 02nd October 2020. 172 students from various colleges were registered in the programme. The event was conducted through two rounds, prelims and final rounds. The Registered candidates were given Google forms for participating in the preliminary round. It consists of 25 Multiple Choice Questions. E-certificates were provided to those who secured more than 75% of the score.

The final round of the quiz competition was conducted through the Webex platform. After the first round, five top scores were selected for the final round. The final round was conducted on the same day at 12.00 pm. Mr. Jithesh KS (vice-principal, Director, Academics and training) was the Quiz Master. The final round consists of five rounds including the general round and visual round. There was tight competition among the competitors.

Ms Arya Rajendran from MES College Erumely won the first prize; the second prize was achieved by Mr Alen Raj Varghese from St. Thomas college of Advanced studies Ranni. And the third prize was awarded to Ms. AK Hisana Thasneem from MES Asmabi College Kodungallur.

Immediately after the final round, a valedictory function was conducted. The meeting was presided over by Mrs Remadevi A (Coordinator, IQAC and Vice-Principal). The meeting was Inaugurated by Mr. PH Najeed (Chairman, MES College Erumely). Mr Maheen MN (Principal, MES College Erumely) has given the special address. Prize winners have shared their experiences during this occasion.

PRIZE WINNERS

First, the prize was achieved by Ms Arya Rajendren from MES College Erumely and she was awarded Rupees 2501/-. The second prize was attained by Mr Alen Raj Varghese from St. Thomas college of Advanced studies Ranni, awarded Rupees 2001/-. Third prize won by Ms. AK Hisana Thasneem from MES Asmabi College Kodungallur awarded with rupees 1501/-. The prizes were distributed through Google Pay

A WEBINAR ON:THE ROLE OF AYURVEDA ON COVID 19 TREATMENT

The webinar was organized by Unnath Bharat Abhiyan & Health Club in association with CDC of MES College Erumely, through CISCO Webex and Youtube live on 10th July 2021 from 3 pm to 4 pm. The resource person of the programme was Dr. Joice K George (District President Ayurveda Medical Association of India ,Ernakulam).

The programme commenced with recorded college prayer which was followed by a welcome address by Ms. Sancy Rose Antony (Coordinator, Health Club). Introductory speech was delivered by Mrs. Anitha Mathew (Director, Webinar) about the role of Ayurveda in Covid-19 treatment. Mr.Jithesh K. S (Director Academics and IQAC Coordinator) delivered the presidential address. Mrs. Darly A.G (Director Planning & Development) delivered the inaugural address. Total 49 students and faculties participated in this programme through webex and 88 viewers through youtube. The technical section on “The Role of Ayurveda in Covid 19 Treatment” was delivered by Dr. Joice K George (District President Ayurveda Medical Association of India ,Ernakulam). In his talk he specially gave the importance and scope of ayurveda in Covid 19 treatment and he also explained how to treat post Covid symptoms in ayurveda.

The participants directly asked their questions to Dr.Joice K George. Keynote address was delivered by Mrs.Kavitha P.D (Director CDC). Finally vote of thanks was delivered by Ms. Sreekutty K.S, Student Coordinator of health club MES College, Erumely. The programme ended with the National anthem.

GANDHI GLOBAL SOLAR YATHRA

Gandhi Global Solar Yatra is planned by IIT Bombay to promote self-sufficiency in energy for sustainability. This yatra mainly aims to spread the message of non-violence towards the environment and bring awareness on the severity of climate change and lack of energy access to billions. Mahatma Gandhi believed that “nature can satisfy each one’s need but not greed”. It is clear that scientific and technological development alone will not be sufficient for sustainable existence on earth. In this context we pay gratitude and adopt the Gandhian ideologies of nonviolence and respect towards all, while celebrating the 150th birth anniversary of Mahatma Gandhi. Increasing demand and usage of energy is causing catastrophic climate change. Atmospheric CO₂ concentration has increased substantially due to the increased use of fossil fuels owing to energy demand pressures, which causes global warming. To protect our environment there is a need to adopt 100% renewable energy. Solar energy is the best solution. With the vision to promote the use of solar energy, IIT Bombay in association with the **Unnath Bharath Abhiyan** has organized a workshop to train students and sensitize them towards solar energy on October 2nd 2018, commemorating the 150th birth anniversary of Mahatma Gandhi, who epitomized the cause of nonviolence. This year around 1 million students participated in hands-on training on solar study lamp assembly, around the globe to mark the occasion. This year MES College Erumely was a partner of **Gandhi Global Solar Yatra**. As part of this yatra, IIT Bombay gave online training for the staff members of the Electronics Department. The grand ceremony of training session for the students was inaugurated by Adv. Sebastian Kulathumkal,

District Panchyath President, Kottayam and was presided over by Jb. P. H. Najeeb, Chairman, MES College, Erumely on October 19th 2019. Principal Mr. Maheen M. N. delivered a brief description about U.B.A. project. The felicitations were given by Ms. Magy Joseph (Member, District Panchyath, Kottayam), K.P.Abdul Kareem (Member, GramaPanchayath, Erumely), Ms. Jisha C. K. (H.O.D Department of Electronics) and Mr. Jais John. 125 student solar ambassadors assembled their solar study lamps with the help of these staff trainers in this event. The program concluded with a pledge of non-violence towards the environment. According to the student participants, the workshop was a great and wonderful experience.

The UBA of MES College Erumely in association with National Quality Assurance Cell conducted a national webinar on the topic " Covid-19 pandemic explosion in India". The ongoing COVID-19 pandemic, India has witnessed a massive surge of cases in the past months. As of April 30, 33 610 confirmed cases and 1075 deaths have been reported from 32 states/union territories in India.

Apart from the nationwide lockdown, India has increased its testing rate and has markedly strengthened the health care sector to combat COVID-19. With India's population of more than 1.3 billion people at a significant population density compared with the rest of the world, the lack of universal access to clean water and overall poor socioeconomic status, all have posed a major challenge to India's fight against COVID-19. Failure to contain the pandemic in India could have disastrous consequences with widespread cases and thousands of deaths that could easily overwhelm the health care infrastructure. Unabated spread of the pandemic could make India the next COVID-19 hotspot; hence the World Health Organization has recently stated that the "future of the pandemic will depend on how India handles it." So MES College Erumely, initiated a webinar on the present scenario of the pandemic in India and the myriad challenges being faced by the country in its fight against COVID-19.

The webinar was conducted on 15th June 2020 from 4 to 6 pm. The resource person of the webinar was Colonel Isenhover. He took a fruitful class and a detailed understanding of the current Covid scenario was conveyed to the students. The session was successful.

NATIONAL WEBINAR

The UBA of MES College Erumely in association with National Quality Assurance Cell conducted a national webinar on the topic " Covid-19 impact on Agriculture: Problems and Opportunities ". The ongoing COVID-19 pandemic, India has witnessed a massive surge of cases in the past months. As of April 30, 33 610 confirmed cases and 1075 deaths have been reported from 32 states/union territories in India.

COVID-19 pandemic has disrupted the Indian agricultural system extensively. Nevertheless, the recent quarterly GDP estimates post-COVID scenario showcase robustness and resilience in Indian agriculture, the only sector to register a positive growth of 3.4% during the financial year 2020–2021. At the same time, the immediate past quarter growth was estimated at 5.9% witnessing a decline by 2.5% point. In this context, we aim to synthesize the early evidence of the COVID-19 impact on the Indian agricultural system viz., production, marketing and consumption followed by a set of potential strategies to recover and prosper post-pandemic. Survey findings indicate that the pandemic has affected production and marketing through labor and logistical constraints, while the negative income shock restricted access to markets and increased prices of food commodities affecting the consumption pattern.

The pandemic wreaked substantial physical, social, economic and emotional havoc on all the stakeholders of the Indian agricultural system. Seizing the crisis as an opportunity, the state

announced a raft of measures and long-pending reforms. We propose a 10-point strategy ranging from social safety nets, family farming, monetizing buffer stock, staggered procurement to secondary agriculture to revive and prosper post-pandemic. The college conducted a webinar based on the scenario in Agriculture.

The webinar was conducted on 16th July 2020 from 5:30 onwards. The resource person of the webinar was Jiju P Alex, Director Kerala Agricultural University and also Extension regional coordinator, UBA. He took a fruitful class and a detailed understanding of the current Covid scenario was conveyed to the students. The session was successful. There were sixty participants take part in this session.
